

GUIDE 11

When something does not show

Check these in order. The first two rows solve most problems.

What you see	Almost always
New post or event missing	Published is off
Published, still missing	Wait 5 minutes, then reload twice
Event under the wrong heading	Its end date
No registration form	Tagged Info Only, the date has passed, or registrations are closed in Odoo
No popup	No upcoming event exists, or that visitor already closed it
Event photos not in the gallery	Added under Notes & Documents instead of Go to Website → Edit
Video has no thumbnail	The link is not a normal YouTube link
Vertical video has black bars	Missing the Short tag
Team member not on the home page	Missing the Homepage tag
Team card shows initials, not a photo	No photo uploaded, or a very small one. Upload a clear portrait.
New team photo not showing yet	Photos are kept for up to a day. It will update.
School logo missing	No School tag, not Published, or no image
Social icon missing	That link is empty. Deliberate.
Enquiry not in CRM	Look under Leads, not Opportunities, and clear the filters
Tag does nothing	Spelt differently from guide 10
Everything from Odoo is empty at once	The website's connection to Odoo needs attention. Contact the developer.

Checking from your own computer right after a change? Your browser may show an older copy. A private window or your phone usually shows the latest version.
